#### Accountants' Review Report

Board of Commissioners Lafitte Area Independent Levee District Lafitte, Louisiana

We have reviewed the accompanying basic financial statements of the governmental-type activities of the Lafitte Area Independent Levee District as of June 30, 2008 and from inception January 1, 2008 to June 30, 2008, as listed in the table of contents, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and applicable standards of Governmental Auditing Standards issued by the Comptroller General of the United States of America. All information included in these basic financial statements is the representation of the management of the Lafitte Area Independent Levee District.

A review consists principally of inquiries of Company personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report, dated August 26, 2008, on the results of our agreed upon procedures.

Our review was made for the purpose of expressing limited assurance that there are no material modifications that should be made to the financial statements in order for them to be in conformity with generally accepted accounting principles. The management discussion and analysis on pages 2 through 5 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. Additionally, the supplementary information described in the table of contents is presented only for supplementary analysis purposes. All supplementary information has been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, and we are not aware of any material modifications that should be made thereto.

#### Management's Discussion & Analysis

June 30, 2008

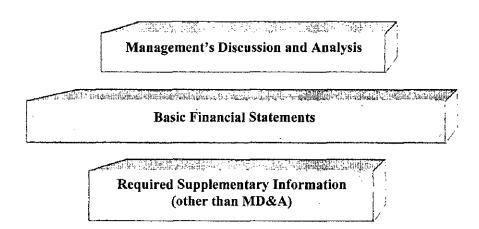

The Management's Discussion and Analysis of the Lafitte Area Independent Levee District's (the "District") financial performance presents a narrative overview and analysis of the District's financial activities for the period from inception January 1, 2008 to June 30, 2008. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read this document in conjunction with the additional information contained in the District's financial statements.

#### Financial Highlights

- The District's assets exceeded its liabilities at the close of fiscal year 2008 by \$608,042 which represents a 100% increase as this is the year of inception.
- The District's revenue increased \$624,472 (or 100%) as this is the year of inception

#### Overview of the Financial Statements

The following graphic illustrates the minimum requirements for Special Purpose Governments Engaged in Business-Type Activities established by Governmental Accounting Standards Board Statement 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments.

These financial statements consist of three sections - Management's Discussion and Analysis (this section), the Basic Financial Statements (including the notes to the financial statements), and Required Supplementary Information.

#### Management's Discussion & Analysis, Continued

June 30, 2008

#### **Basic Financial Statements**

The basic financial statements present information for the Districts as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the Statement of Net Assets and the Statement of Activities.

The <u>Statement of Net Assets</u> presents the assets and liabilities separately. The difference between total assets and total liabilities is net assets and may provide a useful indicator of whether the financial position of the District is improving or deteriorating.

The <u>Statement of Activities</u> presents information showing how the District's assets changed as a result of current year operations. Regardless of when cash is affected, all changes in net assets are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

#### Financial Analysis of the Entity

#### Statement of Net Assets As of June 30, 2008 (in thousands)

| Current and other assets Capital assets Total assets | \$ 217        |
|--|---------------|
| Other liabilities                                    | 5             |
| Long-term debt outstanding Total liabilities         |               |
| Net assets:  | 204           |
| Invested in capital assets, net of debt Unrestricted | 396<br>212    |
| Total net assets                                     | <u>\$ 608</u> |

Unrestricted net assets are those that do not have any limitations on how these amounts may be spent.

Net assets of the District increased by \$608,041 or 100%, from June 30, 2007 to June 30, 2008. The major causes of this increase are the transfer of assets from the West Jefferson Levee District, construction in progress on capital projects, and ad valorem taxes received and / or due to the District.

#### Management's Discussion & Analysis, Continued

June 30, 2008

# Statement of Activities For the Period from Inception January 1, 2008 to June 30, 2008 (in thousands)

| Operating revenues Operating expenses                            | \$ -<br>16    |
|--|---------------|
| Operating loss   | (16)          |
| Non-operating revenues (expenses)                                | <u>598</u>    |
| Income before transfers  | <u>582</u>    |
| Transfer of capital assets from West Jefferson<br>Levee District | 26            |
| Net increase net assets  | <u>\$ 608</u> |

The District's total revenues increased by \$624,472 or 100%. The total cost of all programs and services increased by \$16,430 or 100%.

#### Capital Asset and Debt Administration

#### Capital Assets

At the end of 2008, the District had \$398,175 invested in capital assets, including equipment and construction in progress on capital projects. This amount represents a net increase (including additions) of \$398,175, or 100%, over last year.

This year's major additions included (in thousands):

- \$371 of construction in progress on Levee improvements
- \$26 of assets transferred from the West Jefferson Levee District

#### Debt

The District had no bonds and notes outstanding at June 30, 2008.

There was no debt issued from inception January 1, 2008 to June 30, 2008.

#### Variations Between Actual and Budget Amounts

During the period, the District adopted a calendar year budget and thus actual results were not comparable to budgeted amounts. The District is revising this budget to correspond to the fiscal reporting period for future comparison and monitoring.

#### Management's Discussion & Analysis, Continued

June 30, 2008

#### **Economic Factors and Next Year's Budget**

The District's officials considered the following factors and indicators when setting next year's budget:

- Continued receipt of ad valorem taxes
- Receipt of funds under various state approved projects

#### **Contacting the District's Management**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Timothy Kerner at 504-689-2208.

#### **Notes to Financial Statements**

June 30, 2008

#### (1) Summary of Significant Accounting Policies

#### (a) Introduction

The Lafitte Area Independent Levee District (the "District") was created by Louisiana State Legislature, Act 475 of 2007 effective January 1, 2008, from the territory removed from the West Jefferson Levee District. The District provides flood protection for the communities of Crown Point, the Town of Jean Lafitte, and unincorporated Lafitte and Barataria. The governing board administers the operations and responsibilities of the District in accordance with Louisiana statutes. The Board of Commissioners of the District consists of five members appointed by the governor.

#### (b) Basis of Presentation

The accompanying general purpose financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

#### (c) Reporting Entity

GASB Codification Section 2100 establishes criteria for determining the governmental reporting entity and its component units. Component units are defined as legally separate organizations for which the elected officials of a primary government are financially accountable. The criteria used in determining whether financial accountability exists include the appointment of a voting majority of an organization's governing board, the ability of the primary government to impose its will on that organization or whether there is a potential for the organization to provide specific financial benefits or burdens to the primary government. Fiscal dependency may also play a part in determining financial accountability. In addition, a component unit can be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

In addition, it has been determined that the District is a component unit of the State of Louisiana for financial reporting purposes. Annually, the State of Louisiana (the primary government) issues general purpose financial statements which include the activity contained in the accompanying financial statements. The State's general purpose financial statements are issued by the Louisiana Division of Administration — Office of Statewide Reporting and Accounting Policy and are audited by the Louisiana Legislative Auditor.

#### Notes to Financial Statements, Continued

June 30, 2008

#### (1) Summary of Significant Accounting Policies, Continued

#### (d) Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the District. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Because of the nature of the District's operations, the District reports only governmental activities.

The statement of activities demonstrates the degree to which the direct expense of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

#### (e) Fund Financial Statements

Funds are used by the District to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. The funds of the District are classified into the "governmental" category. The category, in turn, is divided into separate "fund types".

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general fixed assets (capital project funds), and the servicing of general long –term debt (debt service funds). The General Fund is used to account for all financial activities of the general government not accounted for in some other fund.

The District reports the following major governmental funds: The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

#### (f) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they area levied. Grants and similar items are recognized as revenue as soon as all eligible requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

#### (1) Summary of Significant Accounting Policies, Continued

#### (f) Measurement Focus, Basis of Accounting, and Financial Statement Presentation, Continued

Governmental fund financial statements are reported using a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers property taxes as available if they are collected within 60 days after year end. A one-year availability period is used for revenue recognition for all other governmental fund revenues.

Property taxes, intergovernmental revenues, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt, as well as expenditures related to compensated absences and claims and judgments, only when payment is due.

#### (g) Assets, Liabilities, and Net Assets

#### Cash and Investments

For reporting purposes, cash and cash equivalents includes amounts in demand deposits, time deposits, and certificates of deposit. Louisiana Revised Statutes allow the District to invest in time certificates of deposit of state banks organized under the laws of Louisiana, national banks having their principal office in the State of Louisiana, in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

State statutes authorize the District to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds and repurchase agreements. In accordance with GASB Statement No. 31, investments, if any, are generally stated at fair value. If the investment is in money market securities and has a maturity date of less than 90 days from the balance sheet date, the investment is stated at cost or amortized cost.

#### Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$100 and an estimated life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

#### (1) Summary of Significant Accounting Policies, Continued

#### (g) Assets, Liabilities, and Net Assets, Continued

#### Fund Equity

In the fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for a specific future use. Designated fund balances represent tentative plans for future use of financial resources that are subject to change.

#### (2) Reconciliation of Government-Wide and Fund Financial Statements

The net changes in fund balance on the governmental fund statement of revenues, expenditures, and changes in fund balances differs from the changes in net assets of governmental activities as reported in the government-wide statement of activities by \$395,582. This difference is due to Governmental funds reporting capital outlays as expenditures and thus no depreciation is recorded. The details of this difference are as follows:

| Capital outlay  | \$<br>398,175 |
|---|---------------|
| Depreciation expense  | <br>(2,593)   |
| Net adjustment to increase net changes in fund balance to arrive at changes in net assets | \$<br>395.582 |

#### (3) Cash

At June 30, 2008, deposits with financial institutions consisted of the following:

Demand Deposits per Bank

| Demand Deposits per Dank                       | Ψ  | 170,000   |
|--|----|-----------|
| Secured by federal deposit insurance           |    | (100,000) |
| Secured by collateralized pledge of securities |    |           |
| Unsecured / uncollateralized                   | \$ | 40,688    |

| Capital Assets, Net  | <u>s - </u>                    | <u> 395,582</u>  |                  | <u>395,582</u>                  |

#### (5) Administrative Charges

The District currently utilizes office space and administrative staffs of the Town of Jean Lafitte for support of its operations. Total reimbursements to the Town of Jean Lafitte amounted to \$4,000 for the period ending June 30, 2008.

#### (6) Commitments and Contingencies

The District is a defendant in a lawsuit for alleged damages to the plaintiff's property. Management cannot predict the outcome of the lawsuit and believes its exposure to be no more than \$20,000. Management believes that any loss resulting from this matter, if any, would be covered under the District's liability insurance policy and would not have a material effect on the financial position of the District.

The District has entered into a construction contract totaling \$1,191,796 with a contractor to make certain improvements to levees within the District. As of June 30, 2008, payments totaling \$371,172 have been approved and made under this contract.

The Management's Discussion and Analysis of the District's (BTA) financial performance presents a narrative overview and analysis of the District's (BTA) financial activities for the year ended June 30, 2008. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read this document in conjunction with the additional information contained in the transmittal letterand the District's (BTA) financial statements.

#### FINANCIAL HIGHLIGHTS

- ★ The District's (BTA) assets exceeded its liabilities at the close of fiscal year 2008 by \$608,041 which represents a 100% increase as this is the year of inception.
- ★ The District's (BTA) revenue increased \$624,471 (or 100%) as this is the year of inception

#### OVERVIEW OF THE FINANCIAL STATEMENTS

The following graphic illustrates the minimum requirements for Special Purpose Governments Engaged in Business-Type Activities established by Governmental Accounting Standards Board Statement 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments

These financial statements consist of three sections - Management's Discussion and Analysis (this section), the Basic Financial Statements (including the notes to the financial statements), and Required Supplementary Information.

#### **Basic Financial Statements**

The basic financial statements present information for the Districts (BTA) as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the Balance Sheet; the Statement of Revenues, Expenses, and Changes in Fund Net Assets; and the Statement of Cash Flows.

The <u>Balance Sheet</u> presents the current and long-term portions of assets and liabilities separately. The difference between total assets and total liabilities is net assets and may provide a useful indicator of whether the financial position of the District (BTA) is improving or deteriorating.

The <u>Statement of Revenues</u>, <u>Expenses</u>, <u>and Changes in Fund Net Assets</u> presents information showing how the District's (BTA) assets changed as a result of current year operations. Regardless of when cash is affected, all changes in net assets are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

The <u>Statement of Cash Flows</u> presents information showing how the District's (BTA) cash changed as a result of current year operations. The cash flow statement is prepared using the direct method and includes the reconciliation of operating income(loss) to net cash provided(used) by operating activities (indirect method) as required by GASB 34.

|  | ******   |       | . ,    |      |              |

Restricted net assets represent those assets that are not available for spending as a result of legislative requirements, donor agreements, or grant requirements. Conversely, unrestricted net assets are those that do not have any limitations on how these amounts may be spent.

Net assets of the District (BTA) increased by \$613,143 or 100%, from June 30, 2007 to June 30, 2008. The major causes of this increase are the transfer of assets from the West Jefferson Levee District, construction in progress on capital projects, and ad valorem taxes received and / or due to the District.

The District's (BTA) total revenues increased by \$624,471 or 100%. The total cost of all programs and services increased by \$16,430 or 100%.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

At the end of 2008, the District (BTA) had \$398,175 invested in capital assets, including equipment and construction in progress on capital projects.(See Table below).

This amount represents a net Increase (including additions) of \$398,175, or 100%, over last year.

accrued vacation pay and sick leave.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The District's (BTA) elected and appointed officials considered the following factors and indicators when setting next year's budget, rates, and fees:

- Continued receipt of ad valorem taxes
- · Receipt of funds under various state approved projects

•

The District (BTA) expects that next year's results will improve based on the following:

- •
- .
- •

#### CONTACTING THE DISTRICT'S (BTA) MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's (BTA) finances and to show the District's (BTA) accountability for the money it receives. If you have questions about this report or need additional financial information, contact Timothy Kerner at 504-689-2208.

#### INTRODUCTION

The District (BTA) was created by the Louisiana State Legislature under the provisions of Act 475 of the Regular Session, 2007. The following is a brief description of the operations of the District (BTA) which includes the parish/parishes in which the (BTA) is located:

#### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of the District (BTA) present information only as to the transactions of the programs of the District (BTA) as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the District (BTA) are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

#### Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

#### **Expense Recognition**

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

#### B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the District (BTA) are annual lapsing appropriations.

- 1. The budgetary process is an annual appropriation valid for one year.
- 2. The agency is prohibited by statute from over expending the categories established in the budget.
- Budget revisions are granted by the Joint Legislative Committee on the Budget, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
- 4. The budgetary information included in the financial statements includes the original appropriation plus subsequent amendments as follows:

|                          |     | <u>APPROPRIATIONS</u> |
|--------------------------|-----|-----------------------|
| Original approved budget | \$_ | _                     |
| Amendments:              | _   |                       |
|                          | _   |                       |
|                          | _   |                       |
| Final approved budget    | \$_ |                       |

- C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (If all agency cash and investments are deposited in the State Treasury, disregard Note C.) See Appendix B for information related to Note C.
  - 1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the District (BTA) may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the (BTA) may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana; in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the Statement of Cash Flows and balance sheet presentation, all highly liquid investments (including negotiable CDs and restricted cash and cash equivalents) and deposits (including nonnegotiable CDs and restricted cash and cash equivalents) with a maturity of three months or less when purchased are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40, which amended GASB Statement 3, eliminated the requirement to disclose all deposits by the three categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

The deposits at June 30, 2008, consisted of the following:

|   |                 | <u>Cash</u>               |      | Nonnegotiable<br>Certificates<br>of Deposit | Oth<br><u>(Desc</u> |    |                      | <u>Total</u> |

| The District (BTA) does not maintain invelegal provisions authorizing investments by  | stme            | nt account                | S    | as authorized h                             | v                   |    |                      | (Note        |
|   |                 |                           |      | do dationzad b                              | ,                   |    | 10000                | (14010       |

Investments can be exposed to custodial credit risk if the securities underlying the investment are uninsured, not registered in the name of the entity, and are either held by the counterparty or the counterparty's trust department or agent but not in the entity's name. Repurchase agreements are not subject to credit risk if the securities underlying the repurchase agreement are exempt from credit risk disclosure. Using the table on

this page, list each type of investment disclosing the total carrying amounts and market values, and any amounts exposed to custodial credit risk.

GASB Statement 40 amended GASB Statement 3 to eliminate the requirement to disclose all investments by the three categories of risk. GASB Statement 40 requires only the separate disclosure of investments that are considered to be exposed to custodial credit risk. Those investments exposed to custodial credit risk are reported by type in one of two separate columns depending upon whether they are held by a counterparty, or held by a counterparty's trust department or agent not in the entity's name. In addition, the total reported amount and fair value columns still must be reported for total investments regardless of exposure to custodial credit risk.

| Type of Investment                                     | Uninsured,<br>*Unregistered,<br>and Held by<br><u>Counterparty</u> | *Unregistered,<br>and Held by<br>Counterparty's<br>Trust Dept. or<br>Agent Not in<br>Entity's Name | Reported<br>Amount<br>Per Balance<br><u>Sheet</u> | Fair<br><u>Valu</u> e |

| * Unregistered - not registered in the name of         | f the government or entity   | , <del></del> _  |   |                       |
|  |  |  |   |                       |

<sup>\* \*</sup> These obligations generally are not exposed to custodial credit risk because they are backed by the full faith and credit of the U.S. government. (See Appendix B for the definition of U.S. Government Obligations)

#### 3. DERIVATIVES

| ne institution does/does not invest in derivatives as part of its investment policy. Accordingly, the exposure   |
|--|
| risk from these investments is as follows:   |
| edit riskedit risk   |
| arket riskarket risk   |
| gal risk   |
| echnical Bulletin 2003-1 requires certain note disclosures for derivatives that are not reported at fair value in the Statement of Net Assets. See Appendix B for more details and disclose any of these required note sclosures below, if applicable. |
|  |

4. CREDIT RISK, INTEREST RATE RISK, CONCENTRATION OF CREDIT RISK, AND FOREIGN CURRENCY RISK DISCLOSURES

#### A. Credit Risk of Debt Investments

Disclose the credit risk of debt investments by credit quality ratings as described by rating agencies as of the fiscal year end, including the rating agency used (Moody's, S&P, etc.). All debt investments regardless of type can be aggregated by credit quality rating (if any are un-rated, disclose that amount).

| Rating Agency | <u>Rating</u> |      | <u>Fair Value</u> |  |  |  |  |
|---------------|---------------|------|-------------------|--|--|--|--|
|               |               | \$ _ |                   |  |  |  |  |
|               |               |      |                   |  |  |  |  |
|               |               |      |                   |  |  |  |  |
|               |               | _ :  |                   |  |  |  |  |
|               | Total         | \$_  |                   |  |  |  |  |

#### B. Interest Rate Risk of Debt Investments

1. Disclose the interest rate risk of debt investments by listing the investment type, total fair value, and breakdown of maturity in years for each debt investment type. (Note – This is the prescribed method, segmented time distribution, for the CAFR. Also, total debt investments reported in this table should equal total debt investments reported in Section A – Credit Risk of Debt Investments.)

|                                 |                      |       | Investment Maturities (in Years) |         |    |          |                                       |        |               |  |

#### D. CAPITAL ASSETS - INCLUDING CAPITAL LEASE ASSETS

The fixed assets used in the Special Purpose Government Engaged only in Business-Type Activities are included on the balance sheet of the entity and are capitalized at cost. Depreciation of all exhaustible fixed assets used by the entity is charged as an expense against operations. Accumulated depreciation is reported on the balance sheet. Depreciation for financial reporting purposes is computed by the straight line method over the useful lives of the assets.

| G. | LEAVE  |   |   | ·  |

### 1. COMPENSATED ABSENCES

The District (BTA) has the following policy on annual and sick leave:

Currently the District only has one employee and no compensation is offered absences as this is the Administrator position and is not a full time position. Should the District hire full time employees in the future, a compensated absences policy will be established at that time.

#### 2. COMPENSATORY LEAVE

Employees who are considered having non-exempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned (K-time). Upon termination or transfer, an employee will be paid for any time and one-half compensatory leave earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the employees' hourly rate of pay at termination or transfer. The liability for accrued payable compensatory leave at June 30, 2008 (fiscal year end) computed in accordance with the Codification of Governmental Accounting and Financial Reporting Standards, Section C60.105 is estimated to be \$-0-. The leave payable is recorded in the accompanying financial statements.

#### H. RETIREMENT SYSTEM

As there are no full time employees of the District, none of the employees of the (BTA) are members of the Louisiana State Employees Retirement System (LASERS), a single employer defined benefit pension plan. The System is a statewide public employee retirement system (PERS) for the benefit of state employees, which is administered and controlled by a separate board of trustees.

#### I. OTHER POSTEMPLOYMENT BENEFITS

The District does not offer an other postemployment benefits at this time.

#### J. LEASES

NOTE: Where five-year amounts are requested, list the <u>total amount (sum) for the five-year period</u>, not the annual amount for each of the five years.)

#### OPERATING LEASES

The total payments for operating leases during fiscal year June 30, 2008 amounted to \$-0-. (Note: If lease payments extend past FY 2023, create additional columns and report these future minimum lease payments in five year increments.) A schedule of payments for operating leases follows:

| Nature of lease Office Space Equipment Land Other | _\$<br>                           | Y 2009 | -\$ <u>-</u>              | FY 2010 |               | FY 2011 | \$_      | FY 2012 | _\$ .      | FY 2013 | FY 20 <sup>-</sup> | FY 20<br>202 |  |
|---|-----------------------------------|--------|---------------------------|---------|---------------|---------|----------|---------|------------|---------|--------------------|--------------|--|
| Total   | - <u>-</u><br>-<br>s <sub>=</sub> | -      | <br><br>= <sup>\$</sup> = |         | <br><br>- \$_ | -       | <br><br> |         | - ·<br>- · |         |                    | \$           |  |

#### 2. CAPITAL LEASES

Capital leases (are/are not) recognized in the accompanying financial statements. The amounts to be accrued for capital leases and the disclosures required for capital and operating leases by National Council on Governmental Accounting (NCGA) Statement No. 5, as adopted by the Governmental Accounting Standards Board, and FASB 13 should be reported on the following schedules:

Capital leases are defined as an arrangement in which <u>any one</u> of the following conditions apply: (1) ownership transfers by the end of the lease, (2) the lease contains a bargain purchase option, (3) the lease term is 75% of the asset life or, (4) the discounted minimum lease payments are 90% of the fair market value of the asset.

Schedule A should be used to report all capital leases <u>including</u> new leases in effect as of 6/30/08. In Schedule B, report only those new leases entered into during fiscal year 2007-2008.

#### SCHEDULE A -- TOTAL AGENCY CAPITAL LEASES EXCEPT LEAF

| Present value of net minimum lease payments | \$ _ |       |

#### 3. LESSOR DIRECT FINANCING LEASES

A lease is classified as a direct financing lease (1) when any one of the four capitalization criteria used to define a capital lease for the lessee is met and (2) when both the following criteria are satisfied:

- Collectibility of the minimum lease payments is reasonably predictable.
- No important uncertainties surround the amount of the unreimbursable costs yet to be incurred by the lessor under the lease.

Provide a general description of the direct financing agreement and complete the chart below:

| Composition of lease  | <u>Date of lease</u>  | Minimum lease<br>payment receivable  | Remaining interest<br>to end of lease   | Remanining principal to end of lease                |
|---|---|--|---|---|
| a. Office space     b. Equipment  |   | \$   | \$  | \$  |
| c. Land   |   |  |   |   |
| Less amounts representing executory Minimum lease payment receivable Less allowance for doubtful accounts Net minimum lease payments rece Less estimated residual value of leas   | eivable   |  |   |   |

(Send OSRAP a copy of the amortization schedule for any new debt issued.)

#### L. CONTINGENT LIABILITIES

GAAP requires that the notes to the financial statements disclose any situation where there is at least a reasonable possibility that assets have been impaired or that a liability has been incurred along with the dollar amount if it can reasonably be estimated. Do not report impaired capital assets as defined by GASB 42 below, rather disclose GASB 42 impaired capital assets in Note CC. Losses or ending litigation that is probable should be reflected on the balance sheet.

The District (BTA) is a defendant in litigation seeking damages as follows: (Only list litigation not being handled by the Office of Risk Management or the Attorney General.)

| Date of<br>Action | Description of Litigation and<br>Probable outcome (Reasonably<br>possible or probable) |           | Estimated Settlement<br>Int for Claims & Litigation<br>Opinion of legal counsel) |      | Insurance<br>Coverage |
|-------------------|--|-----------|--|------|-----------------------|
| 10/11/05          | Property Damage - Unknown  | \$        | 20,000   | . \$ | 20,000                |
|                   |  |           |  |      |                       |
| Totals            | ,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,  | <u>\$</u> | 20,000   | \$   | 20,000                |

<sup>\*</sup>Note: Liability for claims and judgments should include specific, incremental claim expenses if known or if it can be estimated. For example, the cost of outside legal assistance on a particular claim may be an incremental cost, whereas assistance from internal legal staff on a claim may not be incremental because the salary costs for internal staff normally will be incurred regardless of the claim. (See GASB 30, paragraph 9)

Those agencies collecting federal funds, who have been informed that certain of their previously claimed costs were disallowed, should disclose the requested information in the schedule shown below. Show each possible disallowance on a separate line in the chart.

| <u>Program</u>   | Date of<br><u>Disallowance</u>                 | <u>Amount</u>                                 | *Probability of<br>Payment                               | Estimated<br>Settlement<br>Amount                  |

|    | Total \$   |
|    |  |
| P. | In, 20, the (BTA), issue \$ of taxable bonds. The purpose of the issue was to provide monies to advance  |
| Q. | refund portions of bonds. In order to refund the bonds, portions of the proceeds of the new issue \$, plus an additional \$ of sinking fund monies together with certain other funds and/or securities, were deposited and held in an escrow fund created pursuant to an escrow deposit agreement dated, between the (BTA) and the escrow trustee. The amount in the escrow, together with interest earnings, will be used to pay the principal, redemption premium and interest when due. The refunding resulted in reducing the total debt service payments by almost and gave the (BTA) an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$  REVENUES – PLEDGED OR SOLD (GASB 48) |
| Œ. | 1. PLEDGED REVENUES  |
|    | Pledged revenues are specific revenues that have been formally committed to directly collateralize or secure debt of the pledging government, or directly or indirectly collateralize of secure debt of a component unit. Pledged revenues must be disclosed for each period in which the secured debt remains outstanding and for each secured debt issued.  Provide the following information about the specific revenue pledged:  |
|    | a. Identify the specific pledged revenue:  • Pledged revenue is  |
|    | Debt secured by the pledge revenue (amount)     Approximate amount of pledge   |
|    | (equal to the remaining principal and interest requirements) b. Term of the commitment:  |
|    | [number of years (beginning and ending dates by month and year) that the revenue will not be available for other purposes]   |

#### X. SEGMENT INFORMATION

Governments that report enterprise funds or that use enterprise fund accounting and reporting standards to report their activities are required to present segment information for those activities in the notes to the financial statements. For purposes of this disclosure, a segment is an identifiable activity (or group of activities), reported as or within an enterprise fund or another stand-alone entity that has one or more bonds or other debt instruments outstanding, with a revenue stream pledged in support of that debt. In addition, the activity's revenues, expenses, gains and losses, assets, and liabilities are required to be accounted for separately. This requirement for separate accounting applies if imposed by an external party, such as accounting and reporting requirements set forth in bond indentures. Disclosure requirements for each segment should be met by identifying the types of goods and services provided and by presenting condensed financial statements in the notes, including the elements in A through C below (GASB 34, paragraph 122, as modified by GASB 37, paragraph 17.)

Type of goods or services provided by the segment\_\_\_\_\_\_

#### A. Condensed balance sheet:

- (1) Total assets distinguishing between current assets, capital assets, and other assets. Amounts receivable from other funds or BTAs should be reported separately.
- (2) Total liabilities distinguishing between current and long-term amounts. Amounts payable to other funds or BTAs should be reported separately.
- (3) Total net assets distinguishing among restricted (separately reporting expendable and nonexpendable components); unrestricted; and amounts invested in capital assets, net of related debt.

Condensed Balance sheet:

- B. Condensed statement of revenues, expenses, and changes in net assets:
  - (1) Operating revenues (by major source).
  - (2) Operating expenses. Depreciation (including any amortization) should be identified separately.
  - (3) Operating income (loss).
  - (4) Nonoperating revenues (expenses) with separate reporting of major revenues and expenses.
  - (5) Capital contributions and additions to permanent and term endowments.
  - (6) Special and extraordinary items.
  - (7) Transfers
  - (8) Change in net assets.
  - (9) Beginning net assets.
  - (10) Ending net assets.

#### CC. IMPAIRMENT OF CAPITAL ASSETS

GASB 42 establishes accounting and financial reporting standards for the impairment of capital assets and for insurance recoveries. Governments are required to evaluate prominent events or changes in circumstances affecting capital assets to determine whether impairment has occurred. A capital asset generally should be considered impaired if both (a) the decline in service utility of the capital asset is large in magnitude and (b) the event or change in circumstance is outside the normal life cycle of the capital asset. See Appendix D for more information on GASB 42 and the Impairment of Capital Assets.

The following capital assets became permanently impaired in FY 07-08: (Insurance recoveries related to impairment losses should be used to offset those impairment losses if received in the same year as the impairment. Include these insurance recoveries in the third column in the table below. Calculate the net impairment loss after insurance recoveries received in the current fiscal year in the fourth column. Include in the Financial Statement Classification column the account line in which the net impairment loss is reported in the financial statements. There are five indicators of impairment described in Appendix D, (1) physical damage, (2) enactment of laws, etc. List the appropriate number (1-5) to identify the indicator of impairment in the second to last column below.)

| Type of asset    | Amount of<br>Impairment<br>Loss | Insurance<br>Recovery in<br>the same FY | Net Impairment<br>Loss per<br><u>Financial Stmts</u> | Financial<br>Statement<br>Classification | Appendix D<br>Indicator of<br>Impairment | Reason for<br>Impairment<br>(e.g. hurricane) |
|------------------|---------------------------------|---|--|--|--|--|
| Buildings        |                                 |   |  |  |  |  |
| Movable Property |                                 |   |  |  |  |  |
| Infrastructure   |                                 |   |  |  |  |  |

Insurance recoveries received in FY 07-08 related to impairment losses occurring in previous years, and insurance recoveries received in FY 07-08 other than those related to impairment of capital assets, should be reported as program revenues, nonoperating revenues, or extraordinary items, as appropriate. Indicate in the following table the amount and financial statement classification (account line in which the insurance recovery is reported in the financial statements) of insurance recoveries not included in the table above:

| Type of asset      | Amount of<br>Insurance<br>Recovery | Financial<br>Statement<br><u>Classification</u> | Reason for insurance recovery (e.g. fire) |
|--------------------|------------------------------------|---|---|
| Buildings _        | <del>_</del>                       |   |   |
| Movable Property _ |                                    |   |   |
| Infrastructure     |                                    |   |   |

The carrying amount of impaired capital assets that are idle at year-end should be disclosed, regardless of whether the impairment is considered permanent or temporary. The following capital assets were idle at the end of the fiscal year: (Include any permanently impaired capital assets listed above that are still idle at the end of the fiscal year, any temporarily impaired capital assets, and any assets impaired in prior years that are still idle at the end of the current fiscal year.)

|     | <u>Type of asset</u>   | Carrying Value of Idle Impaired Assets  | Reason for<br><u>Impairment</u>   |
|-----|--|---|---|
|     | Buildings - permanently impaired Buildings - temporarily impaired Movable Property - permanently impaired Movable Property - temporarily impaired Infrastructure - permanently impaired Infrastructure - temporarily impaired  |   |   |

|  |                     |   | <del></del> | <br> | <del></del> |

A terminated employee can continue to access health benefits, however, if the COBRA participant is paying the ENTIRE premium then there is no state contribution on behalf of this individual. Therefore, when a terminated employee pays 100% of the premium, the state would not have a termination liability.

#### LAFITTE AREA INDEPENDENT LEVEE DISTRICT STATE OF LOUISIANA

Schedule of Findings and Management Corrective Action Plan

For the Period From Inception January 1, 2008 to June 30, 2008

#### Finding 2008-1:

#### Criteria:

Each political subdivision shall cause to be prepared a comprehensive budget presenting a complete financial plan for each fiscal year for the general fund and each special revenue fund (RS 39:1305)

#### Condition:

During the period, the District prepared and adopted a budget prepared for the calendar year ending December 31, 2008 instead of the fiscal period ending June 30, 2008.

#### Cause:

The above condition was caused by the District failing to recognize their budget should be prepared on a fiscal year basis.

#### Recommendation:

We recommend the District prepare and adopt a revised budget to include the period from July 1, 2008 to June 30, 2009 as soon as possible.

#### Management Corrective Action Plan:

The District plans to prepare and adopt a revised budget to include the period from July 1, 2008 to June 30, 2009 in accordance with the Local Government Budget Act.

#### **Finding 2008-2:**

#### Criteria:

Funds invested in accordance with the provisions of R.S. 33:2955(A)(1)(d) shall not exceed at any time the amount insured by the Federal Deposit Insurance Corporation in any one banking institution, or in any one savings and loan association, or National Credit Union Administration, unless the uninsured portion is collateralized by the pledge of securities in the manner provided in R.S. 39:1221. Each political subdivision shall cause to be prepared a comprehensive budget presenting a complete financial plan for each fiscal year for the general fund and each special revenue fund (RS 33:2955(f))

#### Condition:

At June 30, 2008, the District had funds on deposit at a financial institution that were in excess of the amount insured by the Federal Deposit Insurance Corporation and were not collateralized by the pledge of securities in the manner provided in R.S. 39:1221.

#### Cause:

The above condition was caused by the District failing to ensure the account was set up properly by the financial institution such that collateral was properly pledged when bank balances exceed the amount insured by the Federal Deposit Insurance Corporation.

#### Recommendation:

We recommend the District contact the financial institution immediately to ensure the account is collateralized when necessary.

#### Management Corrective Action Plan:

The District has contacted the financial institution and the account status has been changed so that collateral will be properly pledged when required.

#### INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Board of Commissioners Lafitte Area Independent Levee District Lafitte, Louisiana

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of the Lafitte Area Independent Levee District (the "District") and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the District's compliance with certain laws and regulations for the period from inception January 1, 2008 through June 30, 2008, included in the accompanying Louisiana Attestation Questionnaire. This agree-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

#### Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

The District did have one disbursement for public works exceeding \$100,000 during the year. This disbursement relates to a project that was originally bid by the West Jefferson Levee District in conjunction with the Louisiana Department of Transportation. Accordingly, the public bid law requirements were not the responsibility of the District and thus were not tested.

#### Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each District Board Member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all District Board Members and employees, as well as their immediate families.

Management provided us with the required list including the above noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management in procedure 3 appeared on the listing provided by management in procedure 2.

#### **Budgeting**

5. Obtain a copy of the legally adopted budget and all amendments, if applicable.

A copy of the legally adopted budget was obtained from the District.

6. Trace the budget adoption and amendments to the minute book.

The budget adoption was traced to the minute book. There were no amendments to the budget as of the date of our procedures.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more if actual expenditures exceeded budgeted amounts by 5% or more.

We were unable to complete this procedure. Per discussion with District personnel, the budget adopted at the May 8, 2008 meeting was prepared on a calendar year basis (2008) and thus is not comparable to the period being examined. The District indicated it will prepare and adopt a revised budget for the fiscal year July 1, 2008 to June 30, 2009 at its next meeting.

#### **Accounting and Reporting**

- 8. Randomly select six disbursements made during the period under examination and:
  - (a) Trace payments to supporting documentation as to proper amount and payee;

All payments were traced to supporting documentation without exception

(b) Determine if payments were properly coded to the correct fund and general ledger amount;

All payments were properly coded to the correct fund and general ledger account without exception

(c) Determine whether payments received approval from proper authorities.

All payments received approval from proper authorities.

#### Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

Management has asserted that such documents were properly posted at Town Hall prior to each meeting.

#### **Debt**

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

Bank deposits for the period under examination were reviewed noting no deposits that appear to be proceeds of bank loans, bonds, or like indebtedness.

#### Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

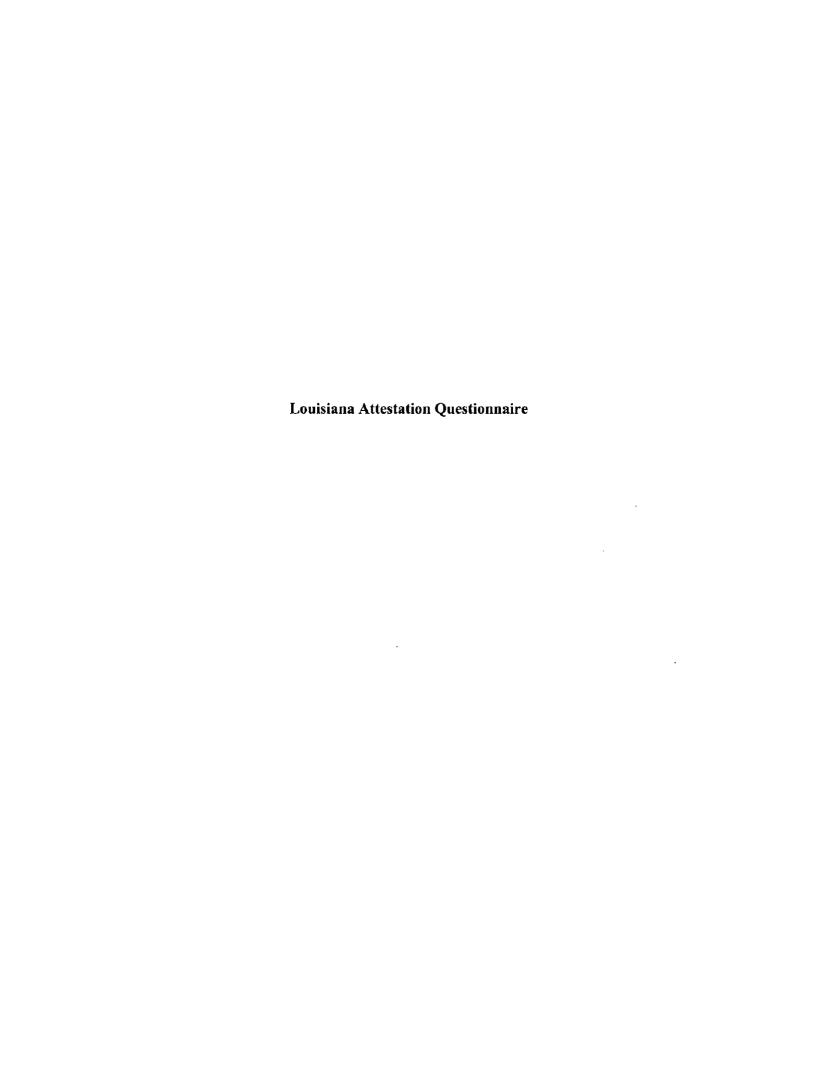

Payroll records and minutes for the period were reviewed noting no payments to employees that may constitute bonuses, advances, or gifts.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures other matters might have come to our attention that would have been reported to you

This report is intended solely for use of management of the Lafitte. Area Independent Levee District and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
